EUROPEAN UNION AND THE LAW OF THE SEA

GENOA, ITALY

27 AUGUST – 7 SEPTEMBER 2018

The interaction between
THE LAW OF THE SEA AND EU LAW
is an area of increasing importance, which has
nonetheless so far attracted too little attention.

The role of the EU with regard to the rights and duties implied in
the use of world's oceans is worth an ad hoc scrutiny not only in
the light of the enhanced presence of the EU in the international
arena but also because of a strategic interest that the EU has
developed in recent years.

Both the EU and its Member States are parties to the 1982 United
Nations Convention on the Law of the Sea on the basis of the
principle of attributed powers. The recent practice, however, has
shown that uncertainties if not outright clashes may indeed arise.
Several contentious cases have been brought to attention of the
Court of Justice of the EU either by way of infringement
proceedings or because of alleged inconsistencies between EU law
and international maritime treaties to which the Member States
themselves are contracting parties.

All of the above... and more is at the heart of the Summer School
on European Union and the Law of the Sea, to be held for three
more years (2018-2020) after three very successful editions.
